Angels are real. Some even have fur.

“Forgiveness, loyalty, second chances, love. Catch this one!”—The Dove Foundation

“Entertaining. Encouraging. The wonderful kind of story our troubled times need more of.”—Bob Kemp, *Renew America*

“Well worth watching!”—Ted Baehr, Publisher, *Movieguide*

Journeys begin one step at a time...and *Footprints* is the stunning story of a man and dog's shared journey through despair and abuse, to hope, forgiveness, love, and unimaginable outcomes that will forever transform their own lives—and the lives of all they touch. **Based on the critically acclaimed screenplay by Jim Huggins and Russ Dougherty** (New Shepherd Films™), and **adapted by veteran writer Terry Burns**, *Footprints* is a can't-afford-to-miss emotional read that will nestle in your heart long after you've turned the last page. It's guaranteed to leave you misty-eyed...and wanting more.

“*Footprints* is based on the true story of a man who finds the healing power of love only after he lost everything he'd valued and given up,” Jim Huggins, Co-Founder/CEO and Producer of New Shepherd Films™ says. “It's also the true story of a dog who learned to trust and serve only after she'd been abused and then discarded as worthless. As they experience the transformation of being unwanted to becoming cherished, they impact lives around them in ways only God could have imagined.”

“OakTara has always relentlessly pursued mind-stretching, heart-transforming, life-inspiring books, and we are delighted to publish this compelling tale of the redemptive power of love that will appeal both to a faith-based audience and to those who are simply looking for a good story...but will walk away with so much more,” says Ramona Tucker, Cofounder and Editorial Director of OakTara. “*Footprints* is for all those who ever felt unwanted, unloved, worthless, and lonely. It will touch your heart and open your eyes to God's surprises.”

Also available as a movie on DVD.
